BUSY WEEK ON LOCAL ALLEYS

Standing of League Bowlers Compiled by Herald.

HARMONIES NOW IN LEAD

BAUER HAS DONE BEST WORK AMONG THE PLAYERS.

Interest in the local bowling league continues and the past week witnessed several changes in the work of the different players and teams. The Harmonies team, which has been crowding the Brunswick aggregation so hard for first place, succeeded in outstripping the lower Main street aggregation and now stands at the head of the percentage table. The Railroads, by taking four out of the five games against the Elks on the latter's home ground, have now secured a new safety anchor in the third position. Bauer, for the players, has made the greatest headway and this week ended him closely pursuing G. Smith for the second place in the standing of the players. G. Smith still heads the percentage column, with a fraction above the 100 mark. THE SWEDS IS STRONG.

Claims Made That He Can Straighten a Horse Shoe.

Anders Anderson, who has arrived in New York from Sweden, as a claimant for strong man and wrestling honors, appears to be the wonder of the decade in his line. He is a giant in stature and weighs 250 pounds. He has shown feats of strength that equal twice those of ordinary strong men.

Anderson was tried out at Bothner & Elmer's gymnasium in West Fourth street, before a group of critical local athletes and physical culture students. He astounded them all. He first showed his ability as a wrestler, being pitted against a 275-pound Frenchman, who claims to have thrown all the champions of Europe. Anderson put him down in about five minutes.

Anderson then showed more of his strength by driving an eleven-inch spike through a five-inch beam with his hand. He held the spike with his right hand, while with his left hand, and then with a circular swing of his arm drove it crashing through the wood, which rested on another block.

An extraordinarily big horseshoe was then taken by the big Swede and twisted and bent at will. He bent it into a circle and then straightened it. No glove or cloth was used in this feat to protect his hands.

Anderson then offered to lift 10,000 pounds with his hands. He was dressed in his national costume, consisting of a long coat, something similar to the old Swedish costume, and was decorated by figures in red fannel. A tape of the same material bound the coat all around his waist. AFTER FOOTBALL GAMES

Numerous Schools Anxious to Meet State University on the Gridiron Next Fall.

The reputation gained by the University of Utah football seven the past season seems to have traveled all over the western country, as nearly every team of any prominence is anxious to get a chance at the crack local organization.

Holmes has received two additional offers from teams that want to sign up to meet the Utah crowd next fall. One is from the Agricultural college of Washington, and the other is from the Denver university.

Holmes said yesterday that he was in no position to give a definite answer to either of the teams yet, and would have to wait until it was seen whether the local boys would make a trip next fall or not. At the present time the local institution has two trips in view, one to the coast and the other east, through Colorado and the Rocky mountains.

The local boys would like to see the return game with the east coast boys at Fort Collins, next fall, and if this trip is taken, the local boys will be able to introduce a number of interesting athletic exhibitions in connection with the show that will bring out some of the best talent in the city. The show is being given for the benefit of the Athletic association of the city.

Varsity Will Give Minstrels.

The students of the state university have arranged a minstrel show for the 7th of March, which will be pulled off at the Salt Lake theatre. The university band has the affair in charge. While the minstrel show has not been decided, it is thought the boys will be able to introduce a number of interesting athletic exhibitions in connection with the show that will bring out some of the best talent in the city. The show is being given for the benefit of the Athletic association of the city.

Young Corbett Training.

Champion Now in San Francisco Preparing For Fight.

Young Corbett, who arrived in San Francisco this week, at once installed himself in quarters and commenced training for his twenty-round go with Eddie Hanlon on Feb. 27.

Corbett is a powerful fellow, standing 5 feet 10 inches tall, weighing 130 pounds at the ring-side. Of course, if by any chance Hanlon disposes of Corbett, Britt will not hold the loser to any agreement that may be entered into.

It seems to be the opinion in "Frisco" that Corbett in condition far outclasses Hanlon, but the belief is generally that the champion will find himself in all kinds of trouble if his condition is as good as he is believed to be.

At 122 pounds, weighing in at 3 o'clock on the afternoon of the contest, and the idea prevails that had Hanlon been a few pounds heavier he would have given a much better account of himself.

Hanlon's manager says Eddie will step into the ring with Corbett weighing 128 pounds. No matter what his weight, he will be at his very best, and he is a tireless little Turk who loves to stand close and mix it up. It will be a blue look-out for Corbett if he is not keyed up for a fast and furious battle.

Peace Rumors Are Aloft.

San Francisco, Feb. 14.—The Chronicle says that the rumors of peace have been made by the Coast. Baseball league by parties interested in the Pacific Northwest league. Manager Harris admitted that he had received a letter from the league, but he had not yet decided whether to accept it or not.

Mr. Ballard was a member of the noted American long range rifle team of 1874-5-6, which abroad and at home defeated all comers. He was the first American to receive a prize from the hands of a member of the royal family of England. This prize he won on Wimbledon common in a rifle competition.

The presentation was made by Princess Louise. Funeral services will be held at his late home this evening. The burial will be in Carmel cemetery.

SUNSHINE RETURNS.

The Professor Tells Some Remarkable Stories.

Among the Pullman passengers of the west last evening was the renowned Professor Sunshine, who will be remembered by local sports as the man who has never yet met defeat in a physical contest. Sunshine's first act after striking the town was to look up a reporter of the Herald to inform the people he had arrived. He said:

I have just returned from an extensive trip, including a tour of Mexico. During this time I have met and defeated some of the best men that ever stepped into the ring, and my reputation now extends from one coast to another.
